Blackline A 1.13 For use after Unit One, Session 21. Run enough copies to record the results for all students in your class.

Unit One Post-Assessment Class Checklist

Student name																
1a Correctly names 3 properties	1*															
1b Labels or sketches to demonstrate meaning of each term used	1															
2 a, b Draws and labels 3 × 6 and 2 × 9 arrays	2															
2c Writes an equation to match each array	2															
3a Labels the dimensions of the array	0.5															
3b Labels the area of the array	0.5															
3c Writes an equation to match array	1															
3d Writes a story problem to match the equation	3															
4a Sketches and labels a 1 × 16, 2 × 8, and 4 × 4 rectangle	3															
4b Writes 3 pairs of factors of 16 as equations	3															
5 Correctly matches 3 pairs of equivalent expressions	3															
6a Shows work on division story problem	1															
6b Calculates 32 ÷ 8 = 4	1															
7a Shows work on multiplication story problem	1															
7b Calculates 6 × 8 = 48	1															
8a Uses area and length of 1 side of a rectangle to find the lengths of the other 3 sides	1															
8b Explains thinking/strategies	1															
9a Shows work on perimeter story problem	1															
9b Reports answer as 20 ft.	2															
Total score / Level of proficiency**	**29**															

* The total possible number of points for each problem. ****A** Advanced (working above grade level) 26–29 points (90–100% correct) **P** Proficient (working at grade level) 22–25 points (75–89% correct) **B** Basic (working toward grade level) 19–21 points (65–74% correct) **N** Novice (working below grade level) 18 points or fewer (64% or less correct)
