

Sharing Responsibilities for 2nd Grade March Number Corner

Task	Team Member	Date Due to Others
1. If you don't have copies of the Number Corner Student Book, run class sets of pages 47–54 for each class.		
2. Cut 40 small slips of paper for each class. (Sticky notes will work as well.)		
3. Collect one Styrofoam egg carton for each class and one large brightly colored button for each classroom.		
4. If you don't have a probability container, find a paper or cloth bag for each classroom.	Each teacher will do independently	N/A
5. Put 25 pennies and 25 dimes in the probability container or the paper or cloth bag. Make a half class set of re-sealable plastic bags with 15 pennies and 15 dimes in each bag.	Each teacher will do independently	N/A
