

Grade 2 Number Corner Planner

YEAR: 2011-2012

MONTH: May-June

MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY
<p>Notes: *Extend the Number Corner into June by finishing any activities you didn't have time for in May. Then, based on your analysis of NC Checkup 4 (see 23rd), you can plan activities drawn from earlier NC sessions to strengthen areas that need attention. Some teachers also like to have their students develop and make their own set of calendar markers for the month of June.</p>
