

# Number Corner, Grades K–I

Number Corner is an interactive bulletin board that revolves around the classroom calendar, providing skills practice as well as continual encounters with broader mathematical concepts. Daily workouts involve whole-group games and activities focused on a specific skill or concept. New pieces are added to the display each day providing the basis for discussions, problem solving, and short written assignments including independent practice

Workshop participants explore problem solving activities that provide a balanced blend of skills practice and concept development, using simple yet powerful mathematical models. Teachers return to their classroom ready to implement grade-level specific lessons that provide practice with computational strategies, place value, money, time, measuring, and patterning and algebraic thinking.

## ADDITIONAL INFORMATION

### Text & Materials

The course fee includes a complete Number Corner package for the appropriate grade level of the participant:

- Number Corner Kindergarten Package
- Number Corner Grade I Package

### Instructor

**Carey Cermak-Rudolf** is a third grade teacher in the Roseburg School District and is committed to helping all students learn. She has been facilitating professional development for her school with an emphasis on socio-mathematical norms, pedagogy and mathematics content.

**Tammy Rasmussen** is an Instructional Coach for the Roseburg Public Schools. She has taught kindergarten and grades 3, 4, and 5 and has used *Bridges in Mathematics* and *Number Corner* in kindergarten for six years. As a Presidential Awardee for Mathematics and a district leader, she provides professional development throughout her district focused primarily on Professional Learning Communities, RTI, mathematics and literacy.

### How can we help?

Contact The Math Learning Center at 1 800 575–8130 or visit our Web site at [www.mathlearningcenter.org](http://www.mathlearningcenter.org).

## DETAILS

### Number Corner, Grades K–I

Section: A68 Mth 805  
I (quarter-hour) graduate credit

### Dates

June 28 & 29, 2010

### Time

Monday & Tuesday; 8:00am–2:00pm

### Location

George Fox University  
Portland Center  
12753 SW 68th Ave  
Portland, OR 97223

### Fee

\$450 noncredit.  
Payable to The Math Learning Center

### Optional University Credit

Optional credit through Western Oregon University.  
\$50 for I quarter-hour graduate credit. A–F or Pass/  
No Pass grading. Details sent upon registration.

## REGISTER TODAY

### ☎ Telephone/FAX with Visa or MasterCard:

TEL 1 800 575–8130  
or 503 370–8130,  
FAX 503 370–7961

### ✉ Mail with check, credit card number, or school PO to:

The Math Learning Center  
PO Box 12929  
Salem, OR 97309-0929

Full payment of the noncredit fee is due upon registration. A \$25 non refundable cancellation fee per workshop applies.
