<p>Winter Break</p> <p>There are three weeks of activities planned for December, but if your school is in session for a longer or shorter amount of time, adjust by finishing activities you weren't able to complete earlier in the month. You might also revisit activities from previous months that focus on areas with which your class seems to struggle.</p>				

*Advice: See page 171 for advice on making snowpeople and snowflakes. Have the kids decide upon the pattern after reviewing Sept. - Nov. patterns (ABCD, AABCC etc.) BL NC 17 is handy for FF.
